

WORKSHOP TRIBUTE TO NIEVES LÓPEZ MARTÍNEZ

In March the 2nd-4th of 2012 an special workshop tribute to Dr. Nives López Martínez will be held in northern Madrid (Spain). The disciplines where Nieves was present with her naturalist spirit are numerous, and this meeting will be the place to get together all the people who shared time and interesting talks with Nieves about different subjects, including all the matters that we adjourned at some time in order to discuss with her again later. For that reason the title of this workshop is "All that we left to tell you".

All the people who desires to contribute to this event with a talk (15-20min) or poster, please get in touch with Angela Delgado Buscalioni (angela.delgado@uam.es) and Manuel Hernández Fernández (hdezfddez@geo.ucm.es). All the works will be published, with the collaboration of the Spanish Society of Paleontology, in the Spanish Journal of Paleontology (formerly Revista Española de Paleontología).

Date

2nd-4th March 2012

Place

"LA CRISTALERA" (UAM), MIRAFLORES DE LA SIERRA
MADRID. SPAIN
